**Maura O'Connell**

[Intro]

G Am C D Em D C G

[Verse]

Watching the long faces  
D Am C  
Riding this run down track

And the lost places  
D Em  
From a dream that never brings them back  
D C  
And the sad truth is  
D C  
Nothing but a cold hard fact

[Chorus]

I m riding the blue train  
D C D  
Over the miles yet to cover  
G D C D  
A ghost in a hurry to fade  
G D  
And I m taking it one way to nowhere  
C D  
Afraid you might be there  
G D C G  
To find me inside this blue train

[Verse]

Counting the burned bridges  
D Am C  
Trailing this rusted wreck  
Am C  
As our back pages  
D Em  
Scatter in the dust we left  
D C  
Like a pearl necklace  
D C  
Fallen from around your neck

[Chorus]

G

I m riding the blue train  
D C D  
Over the miles yet to cover  
G D C D  
A ghost in a hurry to fade  
G D  
And I m taking it one way to nowhere

Afraid you might be there  
G D C G  
To find me inside this blue train
