

# Wall Around Your Heart

Maura O'Connell

[Intro]

G Bm C D

[Verse]

G D Em G  
Just outside the place, two people face  
C G D  
Each other merely by chance  
G D Em G  
Abandoned by words and the purpose they serve  
C D  
It stops them right in their tracks  
C Am Em G  
How long has it been since this feeling within  
Bm C D  
Has made you forget who you are?

[Chorus]

G Bm C  
Let s you believe once more in the moon  
D G Bm C  
Let s you have faith again in the stars  
D G Bm C  
Let s you go free cause someone broke through  
D G Bm C D  
The wall around your heart

[Verse]

G D Em G  
Now the world is unkind most of the time  
C G D  
And most of the time we survive  
G D Em G  
Hard look at yourselves and love double-crosses  
C D  
That all broken hearts seem to find  
C Am Em G  
After giving too much, they re afraid of the touch  
Bm C D  
Because the last just left A scar

[Chorus]

G Bm C  
Let s you believe once more in the moon  
D G Bm C  
Let s you have faith again in the stars  
D G Bm C

Let s you go free cause someone broke through  
D G  
The wall around your heart

[Bridge]

F Am  
There s walls made of steel  
F C  
There are walls made of stone  
Em C D  
And walls made of fear alone

[Verse]

G D Em G  
Sooner or later, it s all human nature  
C G D  
Propelling you forward again  
G D Em G  
It s the step and the chance, the turn and a glance  
C D  
Asking, where in the world have you been?  
C Am Em G  
But you don t have to answer cause now you re a dancer  
Bm C D  
And the music is ready to start

[Chorus]

G Bm C  
Let s you believe once more in the moon  
D G Bm C  
Let s you have faith again in the stars  
D G Bm C  
Let s you go free cause someone broke through  
D G Bm C D G  
The wall around your heart
