

**When Your Heart Is Weak**  
**Maura O'Connell**

[Intro]

**Am F G Dm G Am**

[Verse]

**Dm G**  
What's the matter with the way we look  
**Am**  
Surely it's not the end  
**Dm G Am**  
I only meant to make my motions clear  
**Dm G**  
You worry too much if it's understood  
**Am**  
Should we be seen as friends?  
**Dm F G**  
Seems like a real good beginning right here

[Chorus]

**C**  
Cause when your heart is weak  
**G C**  
I'm gonna pick the lock on it  
**G C**  
My fingertips won't fail me  
**G C**  
No matter what you do  
**G C**  
The love you cannot see yet  
**G C**  
Is about to witness a dawning  
**G C**  
And you can twist and turn  
**G C G**  
But you won't get loose, oh no  
**Dm G**  
Better forget getting rid of me  
**Am**  
I don't see how you can

[Verse]

**Dm G Am**  
You put me off and I will hunt you down, again  
**Dm G**  
I'm mighty patient when I have to be  
**Am**  
You have given me that  
**Dm F G**

Still I look forward to the day you let me in

[Chorus]

**C**  
Cause when your heart is weak  
**G** **C**  
I m gonna pick the lock on it  
**G** **C**  
My fingertips won t fail me  
**G** **C**  
No matter what you do  
**G**  
Oh, no matter what you do

[Bridge]

**F**  
I m gonna prove myself worthy  
**F** **C**  
No more just hanging on  
  
Without a prayer of a chance  
**F**  
I m gonna come without warning  
**G**  
When your defences are down  
**Am**  
And you re in a desperate need  
**F** **G**  
Oh, I bet you then, you ll welcome me

[Chorus]

**C**  
Your ol companion  
**C**  
Your ol companion  
**C**  
Remember baby  
**C**  
Cause when your heart is weak  
**C**  
I m gonna pick the lock on it  
**C**  
My fingertips won t fail me  
**C**  
No matter what you do

[Chorus]

**G** **C**  
Cause when your heart is weak  
**G** **C**  
I m gonna pick the lock on it  
**G** **C**  
And you can twist and turn
