

High All Day

Max Frost

[Verse]

Em **D**
When I was a loner
C **G**
I was a smoker till I got too paranoid
Em **D**
Now I ve got no options
C **G** **Em**
Because I miss you too bad and I ve got no choice
D **C**
I m running out of cash for gas in my car
G **Em**
I save it for the stash at the bottom of the jar
D **C**
Still flickin off the ash and I wonder where you are
G
Thought it was gonna last so long

[Hook}

C **D**
Did you mean that shit you said?
Em **C**
Cuz it echoes in my head
Em **D**
Smoke greens up above my bed
Am
I gotta take off the edge

[Chorus]

N.C. **Em** **D**
And ever since you walked away
G
Now I ve been gettin high all day
Em **C**
Why you gotta leave me after one mistake?
G **Bm**
Is that all it takes?
Em **D**
Cuz I ve been gettin high all day
C **G**
When are you comin back to me
Am **C** **Em**
Please please please don t run me out

[2nd Verse]

Em **D** **C** **G**
Been breathin, been coughin, watchin tv way too often

Em **D**
Looking for a movie to get lost in
C **N.C.**
I get like halfway - and then I pause it
Em **D**
Drinking coffee to stay awake
C **G**
Even though its bitter and I hate the taste
Em **D**
I ve got a ziploc baggie and some time to waste
C **G**
But it never seems to help that I miss your face

It s been weighin on my chest
Bm **C**
I can t cope with all that stress

Smoke greens up above my bed

I gotta take off the edge

N.C. **Em** **D**
And ever since you walked away
G
Now I ve been gettin high all day

Why you gotta leave me after one mistake?
