Capo 3

Em **Cadd9**
Every time I loose the plot in your house,
G **D/F#**
I wish I never opened my mouth,

I die a little,

Em **Cadd9**
And now a days when your saying my name,
G **D/F#**
Itâ€™s hurt that your not smiling the same,

You cry a little,

Em **Cadd9**
I found some words to put it down to the page
G **D/F#**
Running out of heart to say

A little more
Em **Cadd9**
Both know itâ€™s last stop of the train
G **D/F#**
Cant seem to open the door

(Chorus)

Em **Cadd9** **G**
An I
D/F# **Em**
Wonâ€™t be there but I hear your call
Cadd9 **G**
I
D/F# **Em**
No you think I donâ€™t care at all
Cadd9 **G**
But im Falling to pieces, pieces
D/F# **Em**
You will never know
Cadd9 **G**

When I say I donâ€™t want you,I want you
D/F# **Em** **Cadd9** **G** **D/F#**
so I lie a little more

The other day when I was out with my mates
I thought I saw your face in the crowd so I hide a little
I left the club about a quarter to eight
and now Iâ€™m drinking shots in a place
This takes the piss a little
Do you really think that we can remain the same
Nothingâ€™s changed
Iâ€™m scared il want a little more
Though this time last year you were just a stranger to me

An I
Wonâ€™t be there but I hear your call
I
No you think I donâ€™t care at all
But im Falling to pieces, pieces
You will never know
When I say I donâ€™t want you
I want you
so I lie a little more

I know youâ€™ll get over me better than I will do you
I know youâ€™ll get over me

Remains I get left with remains
No matter how hard I try and fight for this love I get left with remains
Or pain games- complain that Iâ€™m with a plain Jane
Tell me if I try and fight again will it be the same
The ending, ten pins, shot down descending
Iâ€™m waiting on a sending message all it says is pending
So donâ€™t tell me that thereâ€™s hope or a rope or some slope
That I can climb to make myself closer to making me cope

An I
Wonâ€™t be there but I hear your call
I
No you think I donâ€™t care at all
But im Falling to pieces, pieces
You will never know
When I say I donâ€™t want you
I want you
So I lie a little more
