This is the way I play it on guitar and piano:

**Am**

I m throwing away pictures

**C**

that i never should have taken in the first place

**Am**

and it s cold in my apartment

**Am**

as i m changing all the colors

**C**

**G**

from the brightest reds to grays

**Am**

well it s 3 o clock on monday morning

**C**

**G**

i m just hoping you re not seeing his face

**Am**

i ve been getting calls in these hotel rooms

**Am**

**C**

long enough to know that it was him

**G**

that took my place

**Am**

**C**

and i hope this makes you happy now

**Am**

**C**

that the flame we had is burning out

**Am**

**C**

and i hope you like your pictures facing down

**Am**

**G**

as even broken hearts may have their doubts

**Am, C, Am, C**

**Am**

and i m burning all the letters

**Am**

**C**

hoping that i might forget her and her bad taste

**Am**

that she left when she was leaving me

**Am**

**C**

a life of barely breathing as she walked

**G**

out of this place

**Am**

and you dropped the note and we changed key

**C**

you changed yourself and i changed me

**Am**

**G**

i really didn't see us singing through this

**Am**

then you screamed the bridge

and i cried the verse

**C**

and our chorus came out unrehearsed

**Am**

and you smiled the whole way through it

**G**

i guess maybe that's what's worse

**Am**

and i hope this makes you happy now

**C**

that the flame we had is burning out

**Am**

and i hope you like your pictures facing down

**Am**

**G**

as even broken hearts may have their doubts

**Am**

and i'm taking all your memories off the shelf

**Am**

**C**

and i don't need you or anybody else

**Am**

so take a look at me

see what you want to see

**C**

when you get home

**Am**

take me home

**C**

i'd rather die than be with you

take me home

**Am**

you have a problem with the truth

take me home

**C**

because this happens every time

**G**

i knew it would...

**Am**

i knew it would...

**Am**

take me home

**C**

i d rather die than be with you

take me home

**Am**

you have a problem with the truth

take me home

**C**

because this happens every time

**C**

and i knew it would...

**G**

i knew it would...

**Am**

**C**

and i hope this makes you happy now

**Am**

**C**

that the flame we had is burning out

**Am**

**C**

and i hope you like your pictures facing down

**Am**

**G**

as even broken hearts may have their doubts

**Am**

**C**

and i m taking all your memories off the shelf

**Am**

**C**

and i don t need you or anybody else

**Am**

so take a look at me

see what you want to see

**G**

when you get home

there you go. hope you liked it!
