Tabbed by: 18zzz18

This is the way I play it on guitar and piano:

Am

I m throwing away pictures

C

that i never should have taken in the first place

Am

and it s cold in my apartment

Αm

as i m changing all the colors

from the brightest reds to grays

Am

well it s 3 o clock on monday morning

i m just hoping you re not seeing his face

Am

i ve been getting calls in these hotel rooms

Am

long enough to know that it was him

G

that took my place

Am C

and i hope this makes you happy now

Am

that the flame we had is burning out

Am (

and i hope you like your pictures facing down

n.

as even broken hearts may have their doubts

Am, C, Am, C

Am

and i m burning all the letters

Am

C

hoping that i might forget her and her bad taste that she left when she was leaving me a life of barely breathing as she walked out of this place and you dropped the note and we changed key you changed yourself and i changed me i really didn t see us singing through this Αm then you screamed the bridge and i cried the verse and our chorus came out unrehearsed and you smiled the whole way through it i guess maybe that s what s worse Am and i hope this makes you happy now

and i hope this makes you happy now

C

that the flame we had is burning out

Am

and i hope you like your pictures facing down

Am

G

as even broken hearts may have their doubts

Am

and i m taking all your memories off the shelf \$Am\$ C and i don t need you or anybody else \$Am\$ so take a look at me

see what you want to see $\ensuremath{\textbf{C}}$

when you get home

 \mathbf{Am}

take me home

i d rather die than be with you

```
take me home
                             Am
you have a problem with the truth
take me home
because this happens every time
i knew it would...
i knew it would...
          Αm
take me home
i d rather die than be with you
take me home
                               Am
you have a problem with the truth
take me home
because this happens every time
and i knew it would...
i knew it would...
                  Am
and i hope this makes you happy now
                  Am
that the flame we had is burning out
and i hope you like your pictures facing down
                 Am
as even broken hearts may have their doubts
                           Am
and i m taking all your memories off the shelf
```

Am
