

Save Your Heart
Mayday Parade

Great song by a great band from a great album! There wasn't a decent tab so I thought
give it a go and I think this is quite accurate.. Enjoy!

G **D** **C**
She fell to the bottom of her life
E **D**
This wasn't meant for two
G **D** **C**
She struggles to find herself in time
E **C**
But she can barely move

E
Just try and get up
D
You gotta slowly brush off
C
I know that words aren't enough
D
But you're better than this

G
Save your heart
D **E**
For someone that's worth dying for
C
Don't give it away
G
Torn apart
D **E**
Never getting what you've been crying for
C
It's always the same

G **D** **C**
She turns the pages everyday
E **C**
Just to change the mood
G **D** **C**
But every chapter reads the same
E **C**
So hard to make it through

E
Just try and get up

D

You gotta slowly brush off

C

I know that words aren't enough

D

But you're better than this

G

Save your heart

D

E

For someone that's worth dying for

C

Don't give it away

G

Torn apart

D

E

Never getting what you've been crying for

C

It's always the same

G

And you give (and you give)

D

And they take (and they take)

E

And it's love that you want

C

But not love that you make

G

Save your heart

D

E

For someone that's worth dying for

C

Don't give it away

G

Save your heart

For someone who leaves you breathless

D

And I know that you're scared

Seems like someone said you had it in you

E

All along you said you knew this was wrong

C

But still worth dying for

G

Save your heart

For someone who leaves you breathless

D

And I know that you're scared

Seems like someone said you had it in you (are you scared?)

E

All along you said you knew this was wrong

C

But still worth dying for

G

And you give (and you give)

D

And they take (and they take)

E

And it's love that you want

C

But not love that you make

G

Save your heart

For someone that's worth dying for

Don't give it away

D

G

Don't give it away
