Well I d walk on fire just to be next to you

E B A B
And I d climb the highest mountain just to see your point of view

E B A B
And I d swim the edge of the earth if you said you wanted proof

E A B
Yeah I d do that for you

E* B
And if all of it is for not, Well at least I took a shot

A E* B
I hope my luck turns around sometime soon

E B A E*
And I m so sorry for myself,

E B A B
Got me tied like a knot, Twisted up in my thoughts

E B A E*
And I m so sorry for myself,

E B A B E* B
No I can t break it down, Not around this town no more

[repeat pattern again]

Well if you were lost I d bring you safe back home
And wrestle with your demons, so you can be left alone
And I lay down my coat so you can walk all over it
Just like you do me

I guess it's better lost than found, Cause you just bring me down
I'm turning back before I get myself too deep

And I'm so sorry for myself,
Got me tied like a knot, Twisted up in my thoughts
And I'm so sorry for myself,
No I can't break it down, Not around this town no more

Remember when we were young?
Stayed up late to watch the sun
And You said you needed me to observe life
Yeah we were young and we were dumb
Now I see your heart is torn
The love you had for me is now gone

Like faith on fire, We both burn out let it go
The warmth we felt, Reminds us how we used to feel alive

And I'm so sorry for myself,
Got me tied like a knot, Twisted up in my thoughts
And I'm so sorry for myself,
No I can't break it down, Not around this town no more
