

**When You See My Friends**  
**Mayday Parade**

I recommend playing this song in Eb Standard tuning, in the key of D! These chords are in original key.

(F#/F is simply dropping the root of the chord one half step to serve as a step down to the G#7. The same is true of the G#/C, which is easiest done by dropping the root a single half step.)

Intro: **A#m F# C# G#** (x2)

I m burned out with a bright light, I wasn t ready for this.

**A#m F# C# G#**  
You re adorable as hell, but I m glancing at your wrists.

**A#m F# C# G#**  
Oh, please have faith, I can be so cavalier.

**A#m F# C# G#**  
And when they start to ask questions I ll make sure to be clear.

**F# F#/F G#7**  
When you see my friends, tell them hi for me.

**C# G#/C A#m**  
Tell them what you think about the way you handled everything.

**F# F#/F G#7**  
You turned and all you left me with was this broken key.

**A#m F# C# G# A#m**

**F# C# G#**  
So tell me what you think.

**A#m F# C# G#**  
Give it up for the long nights and all those terrible fights.

**A#m F# C# G#**  
Were you honest with yourself, every version of yourself?

**A#m F# C# G#**  
Did you get lost on the side of the road?

**A#m F# C# G#**  
If you keep acting this way, I swear I ll never come home.

**F# F#/F G#7**

When you see my friends, tell them hi for me.

**C# G#/C A#m**

Tell them what you think about the way you handled everything.

**F# F#/F G#7**

We walked along on this broken road for eternity

**C# G#/C A#m**

So give me company and help me sing this lonely melody.

**F# F#/F G#7**

You turned and all you left me with was this broken key.

**A#m F# C# G# A#m**

**F# C# G#**

So tell me what you think.

**A#m F# C# G#**

Sign me up, no regrets, make a man out of me.

**A#m F# C# G#**

And I won't say a word and I'll give all the things

**A#m F# C# G#**

That you want and I need just to give me some peace.

**A#m F# C# G#**

At the bottom of the ocean there's a place for you and me.

**A#m F# C# G#**

**A#m F#**

Lead the way straight ahead, you gave me the time of my life

**C# G# A#m F#**

And it cut like a knife to the bone.

(Acoustic)

**F# F#/F G#7**

When you see my friends, tell them hi for me.

**C# G#/C A#m**

Tell them what you think about the way you handled everything.

**F# F#/F G#7**

So neat and clean, well the world is full of such pretty things.

**C# G#/C A#m**

So do your best for me.

Outro: **F# F#/F G#7 C#**

**G#/C A#m F# F#/F G#7 C#**

I hope this helps! Email me if you have any questions at
