

Faith Healer Bring Me Down
Maylene and the Sons of Disaster

(Intro) **F Dm**

(Verse 1)

F
What have you done to make me
F Dm
Make me completely lose my mind?
F
I m just a wreck without you
F Dm
A requiem to lead the blind
C Bb
Oh innocence is walking out tonight
C Bb
We re on and on and waiting here to die

(Chorus)

C Dm
Lay your hands upon my shoulders
Bb F
Lay your hands across my brow
C D
Give me something to believe in
C F
Right before you bring me down

(Verse 2)

No sympathy can find me
Lost like a stranger in these clothes
All pomp and celebration
You lie enough to keep me close
Oh, scrapes and cuts like paper cups we formed
With looks that kill to heal the broken bone

(Chorus) x2

(Bridge)

Bb C
I never wanted a word
D C G Bb C
I just wanted to believe in something more
G
Just before I lay down
Bb
I need to know if you re close

(Chorus)

Lay your hands upon my shoulders
Lay your hands across my brow
Make me wanna sing with angels
Til my faith has all run out
Lay your hands upon my shoulders
Lay your hands across my brow
Give me something to believe in
Right before you bring me
Before you bring me down
