FADE INTO YOU (mazzy star)

(A, E, Bm)

I wanna hold the hand inside you  
I wanna take the breath that s true  
I look to you and I see nothing  
I look to you to see the truth  
You live your life, you go in shadows  
You ll come apart and you ll go blind  
Some kind of night into your darkness  
Colors your eyes with what s not there

chorus:

Fade into you  
Strange you never knew  
Fade into you  
I think it s strange you never knew

(solo)

A stranger light goes on slowly  
A stranger s heart without a home  
You put your hands into your hair  
A million smiles cover your heart

(chorus 2x)

fade...

HALAH (mazzy star)

(C,G, F, C)

Well I think I see another side  
Maybe you re just another light that shines  
And I look over now, thru the door  
And I still belong to no one else  
Maybe I hold you to blame

For all the reasons that you left  
And close my eyes til I see your surprise  
And your leaving  
Before my time  
Baby, wont you change your mind

chorus:

Shirley don t stay long  
I m missing you now  
It s like I told you  
I m over you somehow  
Before I close the door  
I need to  
Hear you say goodbye  
Baby, won t you change your mind

(solo)

I guess it hasn t changed  
Someone, maybe nobody else could understand  
I guess that you believe you are a woman  
And I am someone else s man  
But just before I see that you leave,  
I want you to  
Hold all the things that you said  
Baby, I wish I was dead

(repeat chorus)

BELLS RING (mazzy star)

intro **G, C, D**

(**G, C**)

Bells ring into the night  
Sounds like a mistress on a rainy night  
Hold your throat down together  
And see the light that goes away  
Leave my heart down by the water  
Leave space inside my soul  
It isn t true, but you follow  
Just hold me down by the water

They say you look like a believer  
Look up to see the weakness in the sky  
Nobody s eyes survive the story  
Nobody want to know your reason why  
Hold your hands out toward the water  
In front of me to know I m with you  
Don t put it all into, you ll hear  
Look on if you believe  
Look on if you believe  
Look on if you believe

Don t wanna say that your thru with it

Just wanna be right by your side  
Right by your side

FIVE STRING SERENADE (mazzy star)  
(G, Am, C)

This is my five-string serenade  
Beneath the water it plays  
And while I play it for you  
It could be raining there too

This is my five-string serenade  
Beneath the water it plays  
And while I play it for you  
It could be raining there too

(C, D)  
And on my easel I drew  
While I was thinking of you  
And on the roof of my head  
In came my five-string serenade

This is my five-string serenade  
Beneath the water it plays  
And while I play it for you  
It could be raining there too

(C, D)  
And on my easel I drew  
While I was thinking of you  
And on the roof of my head  
In came my five-string serenade

This is my five-string serenade  
Beneath the water it plays  
And while I play it for you  
It could be raining there too

BLUE FLOWER (mazzy star)  
(D, G)  
Waiting for a sign from you  
Waiting for the signal to change  
Have you forgotten what your love can do?  
Is this the end?

Walking thru the city  
Your boots are high-heeled and a-shining bright  
The sun was sparking on the shaft of your knife  
Flower in morning rain  
Dying in my hand  
Was it all in vain?

(bridge)

(E, G, D)

Superstar in your own private movie  
I wanted just a minor part  
But I m no fool  
I know you re cool  
I never really wanted your heart

You re the keeper of the key  
Nothing seems to bring you down  
It s not that cool when I m around  
Flower in morning rain  
Dying in my hand  
Was it all in vain?

(repeat bridge)

RIDE IT ON (mazzy star)

(A, D, E)

Ride it on baby  
Into my view  
Ride it on baby  
Into your sight  
Ride it on baby  
Just like you used to do  
Did you want me to love you, well  
I m just here for the call  
And you said that you re so alone, well  
I won t really do you any harm

Won t you ride it on baby  
Just like you used to do  
There s no love that you re over feeling  
And you still wannna be with me

(D, A, E)

But you re leaving like you said that you would  
I m a-waiting for the call  
And you love like you always say, now  
But you know it won t do you any harm

Ride it on baby  
Just like you said that you would  
Oh, then ride it on baby  
Just like you know it s understood

Ride it on baby  
It s still into your view  
Ride it on baby  
I only wanna be with you

(D, A, E)

I m dreaming that you re going far

And you like taking wine

Won't you ride it on baby  
But you're so heavy filled with pride

Ride it on baby  
Just like you said that you would

GIVE YOU MY LOVIN (mazzy star)

(G, C)

Give you my lovin  
Seven days a week  
I'll be your honey  
If you'll be sweet  
I know I'm the only one for you  
I know that you think this is not true  
Man says it's raining  
Raining outside  
I'll be out there  
In a little while  
Cause you see, rain reminds me of you  
And everything has turned to you

See you in places  
I'm following you  
You'll be upstairs  
And I'll be there too  
Everywhere you go, I will follow  
I know it won't be the same tomorrow

(solo)

People give me warnings  
Stay away from you  
they say you'll hurt me  
I don't think that's true  
Discomfort rouses when I speak of you  
As if you've been saying something bad  
About me

When I see you  
I wanna kiss you  
But I know that ain't right  
So I ask if I can hold you  
Oh babe, I need you so bad  
Oh babe, I only wanna make you  
Glad
