Verse 1:

G C9 G  
We had never planned to go so far.  
C9 G  
And there was a fire that night in the dark.  
C9 D  
And as her hand reached out to mine,  
G G/F# Em  
It was a feeling like the very first time.  
C D G  
The night I spent with you.

Verse 2:

G C9 G

I was completely taken in,  
                                   **C9**          **G**  
 out of passion that knows no end.  
           **C9**                          **D**  
 It s a love so rare and true,  
           **G**                          **G/F#**      **Em**  
 That there is nothing to compare it to.  
           **C**          **D**                  **G**  
 The night I spent with you.

Chorus:

**Fmaj7**          **C**  
 She had the face of an angel.  
           **Fmaj7**                          **C**  
 The smile of a loving child.  
                                   **Fmaj7**                  **C**  
 With just one touch of her body,  
                                   **D**                                  **G**  
 she could drive this old heart wild.  
                                   **Fmaj7**                  **C**  
 So if I leave this world tomorrow,  
                                   **Fmaj7**                  **C**  
 Don t cry for me, filled with sorrow.  
           **C**          **C/B**      **Am7**  
 For I m a lucky man,  
           **Am7/G**                  **D/F#**  
 Well I had the chance,  
           **F**                  **G**                  **C**  
 To spend one night with you.

Guitar Bridge - (same as intro)

Repeat chorus once, then:

**C**          **C/B**      **Am7**  
 Yes I m a lucky man,  
           **Am7/G**                  **D/F#**  
 Well I had the chance,  
           **F**                  **G**                  **D**  
 To spend one night with you.
