First of all i have to give credit to vvhendrixcrazy for giving me the outline for this song but felt it could be improved and this is what i came up with...

Intro: **E B G#m A** x3 **E**
E B G#m A x4 **A**

A **E**
The world would be a lonely place
A **C#m B**
Without the one that puts a smile on your face
A **B C#m B C#m**
So hold me til the sun burns out
A **C#m B**
I won t be lonely when I m down

B E B G#m A x4
Cause I ve got you to make me feel stronger

When the days are rough and an hour feels much longer

A **E**
I never doubted you at all
A **C#m B**
