VERSE

G#m
The clock hit 12, as she entered the room
But if looks could kill then we all would be doomed
With just one kiss you re not able to move
From her venomous lips and the poison perfume
Yeah!

G#m
She started swaying so sexy
And looking at me
And it got me, caught in a mind control
This place is prison
I m chained up
I give up and
I m out of mercy
She wouldn t let me go

CHORUS

E **C#m**
She said she likes to dance all by herself
G#m
Cause she s a party girl
E **C#m**
And she don t care for nobody else
G#m
She s in her own world
E **C#m** **G#m**
I love this little party girl (Ooh oh oh oh oh oh oh oh)
