Never meant the things i said to make you cry

It s hard to forget
     C#
Yes I regret
         G#
All these mistakes

Fm
I don t know why you re leaving me
                     C#
But I know you must have your reasons
                Eb
There s tears in your eyes
         C#
I watch as you cry
           G#
But it s getting late

[Chorus]

     C#   **Eb**   **Fm**
Was I invading in on your secrets?

You re pushing me out when i wanted in

[Verse]

Fm
The way we scratched our names into the sand
                         C#
And told me you loved me
                  Eb
And now that I find
                             C#
That you ve changed your mind
                  G#
I m lost for words

Fm
And everything I feel for you
                                   C#
I wrote down on one piece of paper
                  Eb
The one in your hand
                  C#
You won t understand
              G#
How much it hurts to let you go

[Chorus]

        C#   **Eb**   **Fm**
Was I invading in on your secrets?
                      C#
Was I too close for comfort?
                                   G#
Your pushing me out when i wanted in
            C#   **Eb**   **Fm**
What was i just about to discover
                            C#   **G#**   **Eb**

[Verse]

Fm   **C#**
All this time you ve been telling me lies
                                   Eb
Hidden in bags that are under your eyes
                                   Fm
And when I asked you I knew I was right
                            C#
but if you turn your back on me now

When I need you most

```
              Eb     C#      C#m
But you just let me down, down, down.
               Fm                              C#
Won t you think about what your about to do to me
