McFly

[Intro]

F# C# Ebm7 B Bm x2
Ebm

[Verse]

Ebm
Never meant the things i said to make you cry
           B
Can I say I m sorry?
           C#
It s hard to forget
     B
Yes I regret
        F#
All these mistakes

Ebm
I don t know why you re leaving me
                    B
But I know you must have your reasons
               C#
There s tears in your eyes
         B
I watch as you cry
           F#
But it s getting late

[Chorus]

     B   **C#**   **Ebm**
Was I invading in on your secrets?
               B
Was I too close for comfort?
          C#   **F#**
You re pushing me out when i wanted in
        B   **C#**   **Ebm**
What was I just about to discover?
                 B   **F#**   **C#**
When I got too close for comfort in driving you home
        Ebm
Guess ill never know

[Verse]

Ebm
The way we scratched our names into the sand
                          B
And told me you loved me
                C#
And now that I find
                          B
That you ve changed your mind
                F#
I m lost for words

Ebm
And everything I feel for you
                             B
I wrote down on one piece of paper
                C#
The one in your hand
                B
You won t understand
             F#
How much it hurts to let you go

[Chorus]

        B   C#   Ebm
Was I invading in on your secrets?
                        B
Was I too close for comfort?
                                F#
Your pushing me out when i wanted in
           B   C#   Ebm
What was i just about to discover
                          B   F#   C#
When I got too close for comfort in driving you home
                 Ebm
Cos I ll never know

[Verse]

Ebm   B
All this time you ve been telling me lies
                              C#
Hidden in bags that are under your eyes
                            Ebm
And when I asked you I knew I was right
                          B
but if you turn your back on me now

When I need you most

```
                    C#      B      Bm
But you just let me down, down, down.
                 Ebm                              B
Won t you think about what your about to do to me
        Bm          F#
And back down

[Chorus]

(played softly)
        B       C#           Ebm
Was I invading in on your secrets?
                      B
Was I too close for comfort?
              C#                    F#(builds back up)
Your pushing me out when i wanted in
            B    C#           Ebm              (B and C# = single strum)
What was I just about to discover?
                    B
I got too close for comfort
          C#                    F#
Pushing me out when I wanted in

F#
Yeah, yeah, yeah

            B    C#           Ebm
What was I just about to discover?
                      B
When I got too close for comfort
            C#
Driving you home
                  F#
Guess I ll never know
