G# D#
When you re down and troubled
G#
And you need a helping hand
C# F# B
And nothing, Oh nothing is going right

Close your eyes and think of me

And soon I will be there
C# D# F#
To brighten up even your darkest night

You just call out my name
E C#
And you know wherever I am
B F# F#
I ll come running to see you again

If the sky
