This song is VERY simple to play. It only uses 4 chords which are:

**Em, G, D, A**

In that order

Here we go:

Hit Em s 2 first strings softly the first time around on intro

Intro: **Em, G, D, A** x2

**Em** **G**  
Here I am alone again tonight

**D** **A**  
Talkin to myself again

**Em** **G**  
Lately I ve been seeing less of you  
**D** **A**

Whats a man to do?

**A** **Em** **G**  
I understand that you ve been busy  
**G** **D** **A**  
I understand there s not much time  
**A** **Em** **G**  
You ve got the best intentions  
**G** **D**  
Every single time

And so it continues like the the entire song except you have to strum softly or hit the strings with your fingers when it comes to the soft part in the middle.
