

**If You Asked Me**  
**Meaghan Smith**

Meaghan Smith -- If You Asked Me

VERY rough outline of the most basic chords.

Being a jazzy song its best to play around with it add runs or what have you until you

have a personal version you enjoy playing. Personally I turn a lot of the chords into

7ths throughout the song and that seems to work nicely.

Capo 2 matches the song.

**Am**

Verse 1:

**Am** **E**  
Well I know that I should know better  
**F** **E** **Am**  
Than to sit here by the phone waiting like a fool  
**E**  
And my mailbox never got those letters  
**F** **E** **Am**  
That you promised would be coming my way soon  
**F** **E**  
Well itâ€™s a strange concept  
**F** **E**  
With all the tears Iâ€™ve wept  
**F** **E**  
That I would still accept

**Am**

If you asked me

Verse 2:

Well you show up when you want romancing  
And Iâ€™m the perfect one to play the part  
And I might be in your arms dancing  
But Iâ€™m not the only one inside your heart  
I know youâ€™re not all mine  
Cause I see your wandering eyes  
Still I would not decline if you asked me

Bridge:

**C** **E**  
Everybody sees that love has made me blind Oh

**Am** **E**  
And everybody knows that I have lost my mind  
**C** **E**  
And it may be true my heart may be askew  
**F** **E**  
This love may be a ruse  
**F** **E**  
I got everything to lose  
**F** **E** **Am**  
But how can I refuse if you asked me

**Am E F E Am** (x2)

**F** **E**  
Well my love I can't repress  
**F** **E**  
So boy I must confess  
**F** **E**  
What I wish you would request  
**F** **E**  
And I ain't gonna make you guess  
**F** **E**  
So put me out of my distress  
**F** **E**  
With or without you I'm a mess  
**F** **E**  
And boy I would say yes  
**Am**  
If you asked me Come on ask me
