Verse:
Bb   **F**
I m still alive
                    C   **C**
Must have been a miracle
Bb   **F**
It s been a hell of ride
              C
Destination still unknown
          C
It s a fact of life

Pre-Chorus:
            Dm   **C**   **F**
If you make one wrong move with the gun to your head
          A   **Bb**   **Bb** **C** **F**
You better walk the line or you ll be left for dead

Chorus:
        Bb   **Dm**
I m a runaway train on broken track
        C   **C**   **Bb**
I m a ticker on a bomb, that you can t turn back this time
          Dm
That s right
        C   **C**
I got away with it all and I m still alive
          Dm   **C**
Let the end of the world come tumbling down
            F   **Bb**   **Bb**
I ll be the last man standing on the ground
            Dm   **C**
As long as Hot blood runs through my veins
            F -> **Bb** **F** **C** **C**
I m still alive

Verse:
Bb   **F**
Lost in the night
                C   **C**
Feeling so invisible

```
Bb                F
Oh, a dead man walking the wire
                      C
I have broke the devils net
        C
That s made of fire

Pre-Chorus:
        Dm                            C          F
And it s a long way down from the top of the world
            A                    Bb              Bb C F
You better look around or you gonna get burned

Chorus:
        Bb                  Dm
I m a runaway train on broken track
        C                        C                  Bb
I m a ticker on a bomb, that you can t turn back this time
        Dm
That s right
        C                        C
I got away with it all and I m still alive
        Dm                      C
Let the end of the world come tumbling down
            F                Bb            Bb
I ll be the last man standing on the ground
            Dm                    C
And as the dust clears look in my eyes
              F
I m still alive

Solo: Dm - Bb - F - C (2x)

Bridge:
Ab
   The darkest night ain t black enough
Cm
   To keep the morning light from shinin
Ab
   The highest wall ain t tall enough
Cm
   To keep the smallest man from climbin
Ab
   The more that you resist the tide
              Cm
   The more it pulls you in
                              Bb
   The more you hang on for your life
```
