You got your ass out of gear and your soul out of whack

Go on and take all your stuff - don t even bother to pack

In every way I want you out of my life -

But I ll kill you if you don t come back

I ll kill you if you don t come back

(B F#m G#m)

(B F#m G#m Emaj7)

(B F#7 Eadd9)

In the pit of the night you used to pull me so close

And then you d hold me so tight and in the wink of an eye

You used to give me it all and with a kiss in the darkness

You d deliver the light

And in the pit of the night I hear you laughing so loud

I know you re laughing at me oh ain t it funny and sad

The way I fell for your lies the way I fell into love

And then begged to be free

You gave me nothing at all - now let me give it to you

You taught me how to be cruel - now let me try it on you

How do you abuse me - let me count the ways

How many hours in how many days

How does it amuse you - let me count the pain

How many rules breaking how many games

You got your ass out of gear and your soul out of whack

Go on and take all your stuff - don t even bother to pack
