Navi s song  
Tuning: standard

Just play |**Em**|**C**|**B**|**Am B**|

**Em**

Can't believe you let me go

**C**

After all we've been through, highs and lows

**B**

You didn't even say goodbye

**Am**

**B**

You let me turn and pass you by

**Em**

And now you're not one to speak

**C**

but after all we've been through, all we've seen

**B**

I need to tell you how I feel

**Am**

**B**

'Cause being away is too unreal

**Em**

Listen!

**C**

Hey, listen!

**B**

All this time I thought you knew me

**Am**

**B**

All this time you didn't choose me

Listen!

Hey, listen!

We don't have to say goodbye

Link, don't let this pass you by

There are times where I want to linger  
Reach out to you and touch your fingers  
To see you laugh and smile again  
And to be together in the end  
And why shouldn't we just go back  
We'll fight Ganondorf 'till day turns black  
Just hit the button, hit restart  
Together we'll be, we'll never part

Listen!  
Hey, listen!  
All this time I thought you knew me  
All this time you didn't choose me

Listen!  
Hey, listen!  
We don't have to say goodbye  
Link, don't let this pass you by

So stupid how much I miss you  
But since I left I can't get use to  
What it's like just being alone  
Just can't function being on my own  
And my love, it can't subside  
Back in Kokiri, in your heart I'll hide  
We'll be together, just you and me  
Link, I love you, can't you see?

Listen!  
Hey, listen!  
All this time I thought you knew me  
All this time you didn't choose me

Listen!  
Hey, listen!  
We don't have to say goodbye  
Link, don't let this pass you by

Listen!  
Hey, listen!  
Link, listen!  
Please, listen!  
Listen!  
Listen!

Hey, listen!  
Link, listen!  
Please, listen!  
Listen!  
Listen!

Hey, listen!  
Link, listen!  
Please, listen!  
Listen!  
Listen!
