Megan & Liz

Capo on 4th :)

C **G** **Em** **D**
Hello, you can call me your number one
C **G** **Em** **D**
Been like that since we began
C **G** **Em**
Seeing you makes me wanna go back
C **G** **Em** **D** **Am Em**
When days, didn t have names and being in love wasn t made up of games
Am **D**
When being in love wasn t made up, of games

(CHORUS)

CGEmD

Can you hold my hand and have it mean everything?
Can you pick me up and hold me there forever?
Make me smile, the way you say my name
Can we be all we have, all we have again?
C **G** **Em D**
Maybe, I ll admit it i miss you so much
C **G** **Em** **D**
and I, wanna go back, I wanna go back
C **G** **Em** **D**
I just wish you were the same again
C **G** **Em** **D** **Am Em**
When days, didn t have names and being in love wasn t made up of games
Am **D**
When being in love wasn t made up, of games

(CHORUS)

Am **Em** **G** **D**
Back then, in your eyes, I was everything
Am **Em** **G** **D**
Look at us now, I don t mean anything
C **G** **Em** **D**
It s not even you that I really want back
C **G** **Em** **D**
It s the pieces of me you took with you when you left
C **G** **Em** **D**
Because when, I lost you, I didn t know I would lose me too
