Megson

[4 bar intro: 2 bars muted rhythm, D D/G]

[Verse]
```
D             D/G          D
How many sunrises, will I see?
D             D/G            D
How many sunrises, left for me?
     G                         A
If I turn the world over, will it fall to its knees?
     G                       A
If I give up on trying, if I fell to the breeze?
     D                A
Well if you know then could you tell me?
```

[Chorus]
```
Bm                      G
   If I fell to the breeze
                D         A
would you want me, to concede
                  Bm
that I failed you here?
                  G
If I fell to the breeze
                D         A
would you want me, to concede?
Bm                      G
   If I fell to the breeze
               G
would you want me? Would you want me?
