

Escalator
Melanie C

[Verse 1]

C#m

This whole city is on fast forward

C#m

Blink twice and you re in for the race

A

Not even quite a rush hour

F#m

And I can t keep up with the pace of it all,

The weight of the fall, so we ride the wave.

People tripping over mad feet

Escalator moving too fast for me

A

Don t you ever go slowly?

F#m

You won t ever bring me to my knees.

C#m

Won t give in, If it s sink or we swim I ll float away.

[Pre-Chorus]

A

With all these good intentions

C#m

Something s still not right

A

I ve been drowning in possessions

C#m

Clinging on for dear life

[Chorus]

C#m E A F#m

Is it enough?

C#m E A F#m

Oh, tell me, is it enough?

C#m

Can you feel it in your bones?

C#m E A F#m

[Verse 2]

C#m

I don t wanna get political

C#m

But when we all put together we don t fall

A

F#m

Would it be so terrible if we all held each other so much more? Then we do

C#m

Am I getting through to you when you break the chain?

C#m

Take a minute to consider it

C#m

Let go of all we re convinced we need

A

Together we can make more of this

F#m

Together we can do more of walk that same direction

C#m

Form a real connection along the way

[Pre-Chorus]

A

With all these good intentions

C#m

Something s still not right

A

I ve been drowning in possessions

C#m

Clinging on for dear life
