

Dead To Me
Melanie Martinez

Dm

My condolences

Am

I shed a tear with your family

F

I ll open a bottle up

Am

Pour a little bit out in your memory

Dm

I ll be at the wake dressed in all black

Am

I ll call out your name but you won t call back

F

Dm

I ll hand a flower to your mother when I say goodbye

Am

Cause baby you re dead to me

Dm

I need to kill you

Am

That s the only way to get you out my head

F

Oh I need to kill you

Am

To silence all the sweet little things you said

Dm

I really want to kill you

Am

Wipe you off the face of my earth

F

And bury your bracelet, bury your bracelet

Dm

Dm

Six feet under the dirt

Dm

Am

Rainy days and black umbrellas

F

Who s gonna save you now

Am

Can you cheat from underground
