Come on baby, let s get out of this town
I got a full tank of gas with the top rolled down
                                        Eb
There s a chill in my bones, I don t want to be left alone
so baby you can sleep while I drive
                            Bb(2)
I ll pack my bag and load up my guitar
In my pocket I ll carry my harp
I got some money I ve saved enough to get underway

                            Bb(2)

and Barb ra in Nashville says we re welcome to stay

You know I ve seen it before, this mist that covers your eyes
You we been looking for something that s not in your life
My intentions are true, won t you take me with you?
