I m thinking that you got some sort of hold on me  
**C** **G**  
It s making me crazy  
**C** **G**  
Making me crazy

**C** **G** **C** **G**  
N I know my life it is sort of out of control

But you know my mind goes faster  
**G**  
Than any car on the road

[Chorus]

**F** **C**  
Cause I thought love was hard  
**Em** **Am**  
So I tried with all my might  
**F** **C**  
N I thought love lasted  
**Em** **Am**  
So I always stayed the night  
**F** **C**  
Now I m in your chair  
**Em** **Am**  
And you are talking to me  
**F** **C**  
I can see your lips moving  
**Em** **Am**  
But I don t hear a thing  
**F** **C**  
So pay attention I said

**Em Am**  
To my aching head  
**F C**  
You know this is it you fool  
**Em**  
You re gonna be with this one  
**Am**  
Til you re dead

[Verse]

**C G**  
So I m taking a walk  
**C G**  
Down to my favorite coffee shop  
**C G**  
Sit down in the corner  
**C G**  
And try to write down my thoughts  
**C G**  
But all my thoughts are jumbled  
**C G**  
Into some crazy state of grade  
**F**  
And well what I do but soothe it  
**G**  
With a picture of your face

[Chorus]

**F C**  
Cause I thought love was hard  
**Em Am**  
So I tried with all my might  
**F C**  
N I thought love lasted  
**Em Am**  
So I always stayed the night  
**F C**  
Now I m in your chair  
**Em Am**  
And you talking to me  
**F C**  
I can see your lips moving  
**Em Am**  
But I don t hear a thing
