

Everything I Need
Men At Work

E **G#m** **A** **B/A**
Moving up and down and from side to side

E **G#m** **A** **B**
With so many things to do

E **G#m** **A** **B/A**
I want to go again I want another ride

E **G#m** **A** **B**
This time should see it through

E **B/D#** **A/C#** **B**
We never realised as the years rolled by

E **B/D#** **A/C#** **B/D#**
No we never really had a clue

E **B/D#** **A/C#** **B**
But we knew one day we d come alive

E **B/D#** **A/C#** **B**
And in the end there s me and you

E **B** **A**
My babe, she gives me everything

E **B/F#** **A**
She gives me everything I need

E **G#m** **A** **B/A**
When the winter comes and the cold sets in

E **G#m** **A** **B**
As this city s prone to do

E **B/D#** **A/C#** **B**
They forecast heavy seas and gale force winds

E **B/D#** **A/E** **B**
That s really nothing new

G#m
When I m falling down

F#m
Deeper than the underground

G#m **F#m**
My thoughts race back to you

Again and again

E **B** **A** **B**
My babe, she gives me everything

E **B/F#** **A** **B**
She gives me everything I need

E **B** **A/C#**
My babe, she gives me everything

E **B/F#** **A**
She gives me everything I need

[Solo] **E** **G#m** **A**
 E **G#m** **A** **B**

E **B/D#**
And if you think us fools
 A/C# **B/D#**
And you criticize
E **B/D#** **A/E** **B**
Then my friend the joke s on you

E **B** **A** **B**
My babe, she gives me everything
E **B/F#** **A** **B**
She gives me everything I need

E **B** **A/C#**
My babe, she gives me everything
E **B/F#** **A**
She gives me everything I need
