Little Rhymes : Mercury Rev All is Dream

I m sure all the mercury rev chords i ve done are 100% accurate as I have the album. On the inside cover of the album it has all the chords....here they r.

Tuning from lowest to highest: **E-A-D-G-B-D**
(ie. Highest is tuned down 2 steps)

Chords:

	C	Em	Am	
E]	---	o---	o-----	o-----
B]	---	1---	o-----	1-----
G]	---	o---	o-----	2-----
D]	---	2---	2-----	2-----
A]	---	3---	2-----	o-----
E]	---	o---	o-----	x-----

It s Dead easy....it s just these same chords played time and time again just in different ways...this bit i can t really put on paper so just listen to it an u ll get it.

Lyrics:

C	Em	Am
Stairs....to nowhere climb		
i take them ...all the time		
Crawling....on my knees		
Walking...that ol fine line		

An when im...alone an scared
I think up...little rhymes
They would...make no sense to you
But I make them... all the time

C	Em	Am
An time s... all mine		
Time s... all mine		

It s the little...pills you find
Crushed to dust...rolling out of sight
They end up... in the strangest places
But i take them... all the time.

An time s... all mine

Time s... all mine

When everyone... is false
I tell em ... im just fine
I can t ... remember their names
But I fake them... all the time

An time s... all mine
Time s... all mine
