Intro: **F#m**

F#m
Prick of the pin

No blood on me

I ve been tested

Totaled, wasted

In too deep
       E
To the zone

I retreat
             F#m
What doesn t kill you makes you strong eventually

Blade to my skin

Blurring the edge

Seven doves are waiting for me up ahead
          E
I just breathe in

I just breathe out

```
      B                                Dadd4
I ve taken every hairpin curve by now

G#m
I may crack but I ll never shatter

I may crack but it doesn t matter

I may crack but I ll never shatter

I may crack

               F#m
Promise the world

Dropped in a pool

Was it fun? Did you enjoy acting so cruel?
                         E
Well here s the thing

Still have my head
                      F#m
I stumbled hard but I m not sleeping in your bed

Saved by the sun, no shame on me

Come out screaming, it s the only time we re free

I just breathe out

I just breathe in
            B                     Dadd4
I ride the wave until I come again

G#m
I may crack but I ll never shatter

I may crack but it doesn t matter

I may crack but I ll never shatter

I may crack

But I ll never shatter cause:

B                          Dadd4
I still have a secret
B                 Dadd4
In the dark I keep it close
B                            Dadd4
I still have a secret no one knows...
```

G#5/**Eb**
I may crack but I ll never shatter

Tested, wasted over and over
F#5/**Eb**
I may crack but it doesn t matter

I just breathe out
