Merle Haggard

[Intro]

Bb F Bb F

[Chorus]

Bb **F**
Let s chase each other around the room tonight
Bb
Let s play the games we played on our wedding night
F
To lock and bolt the door is only right

Let s chase each other around the room tonight

[Verse 1]

Bb **F**
Seems like lately people love to play with fire
Bb
And the other games they play are just as bad
F
I d rather stay at home and feel your burning lips
Bb
And play the kind of games that make me glad

[Chorus]

Bb **F**
Let s chase each other around the room tonight
Bb
Let s play the games we played on our wedding night
F
To lock and bolt the door is only right
Bb
Let s chase each other around the room tonight

[Verse 2]

Bb **F**
Let s don t chase around and make each other weary
Bb
Let s keep all our love at home and out of sight
F
Let s leave everything like jealousy behind us
Bb
And let s chase each other around the room tonight

[Chorus]
