You could replace her but you re so much younger than me

Our lives are so different our music is not the same kind

Like we re just out of focus with no way to bring us in line

I m like a man from another time

Chorus:

I m old fashion music I m old fashion wine

**F#m** **A**

A pilgrim like Jesus with no way to find

I m like a man from another time

**D** **A**

I may be a reencarnated from a soldier who died in some war

**F#m** **B** **E**

With our thirty year difference it s like I was born in a lifetime before
