**F#**

**C#**

My past is present but she s not mine anymore

**C#**

Did she stop by to hurt me or does she even know I m here

**B**

**C#**

**F#**

My past is present, could it be that she still cares

**B**

**F#**

**F#7**

For without her there s no future, she s close yet far away

**B**

**F#**

**C#**

I keep hoping that my tomorrows will catch up with yesterday

For time has stopped my world has stopped since she went away

My past is present, I just hope she s back to stay
