

We Never Touch At All
Merle Haggard

We Never Touch at All

E A E
We re caught in a trap like prisoners in a cage

A E B7
Growing old from hate not from age

E A E
The runnin love we had is down to crawl

A E B7 E
We hardly ever talk and we never touch at all

You go out with someone else while I m out with someone too
Yet we come back to prison when we re through
Why don t we just stay out? But we still can climb the wall
We hardly ever talk and we never touch at all

F# B
Are we afraid that we ll wind up alone?

F# B
Is this the tide that keeps us hanging on?
Why don t we just stay out while we still can climb the wall?
We hardly ever talk and we never touch at all
