

Wine Take Me Away
Merle Haggard

Wine Take Me Away

A **A7**
Warm red wine you know that place where you take me some times
D **A**
Where my cares have wings and fly right off my shoulder
E7 **A** **D**
Where I leave my cares behind and for a while find peace of mind
A **E7** **A** **A7**
Help me friend of mine wine take me away

Chorus:

D **A**
Wine take me away where I can lose myself
E7
Take me where I won't even see the light of day
A **D** **A**
It's my life and I wanna live it it's my will and I wanna give it
E7 **A**
Help me friend of mine wine take me away

When my life becomes a grind and when I'm weary and tired
Then I'll tell myself I need a short vacation
I gotta leave this lonely town and you're the quickest way I found
Help me friend of mine wine take me away

Chorus
