

The Dream Must Stay Alive

Meryl Cassie

C **Am**
Look into the future, what do you see?
C **Am**
I really need to know now, is there a place for me?
F **G**
Tell me where do we go from here?
C **Am**
Take me as you find me, for what I am
C **Am**
And when I make mistakes, please understand
F **G**
And as long as I know you're near
F **G**
There is nothing for me to fear

Chorus:

Am **F**
Out of the darkness, a light shines
Am **F**
Burning through the coldest night
G **F**
And we can find our way (together we'll make it)
G **F**
With every step we take (moving closer together)
F
If we gonna survive
G **Am**
The dream must stay alive

C **Am**
Baby will you hold me, when I'm afraid
C **Am**
See me through the danger, till the break of day
F **G**
If there's love, there's a chance for me
F **G**
Just believe in yourself, you'll see
