

### 3 Is My Lucky Number Mest

3 z my lucky number

FabiÃ;n Dorame (Surff\_x@hotmail.com)

Intro:

**B      D#      G#      F#**

**B                      D#                      G#                      F#**  
the one that I want is gone  
and the two I never had are back  
but I ll give up everything with those two  
just to have the one that I had back  
because...

Chorus:

**B                                      F#                                      E                                      F#**  
you don t know what you got until it s gone

**B                                      F#                                      E                      E      /      F                      E      /      F**  
and with those two it s been way too long

**B                                      F#                                      E**  
to try and respark any flames I ever had

**F#                                      B                                      F#**  
and it makes me sad to think that everything I wanted back then

**E                      F#**  
is coming back to me now

**B      D#      G#      F# (x2)**

**B                                      D#                                      G#                                      F#**  
3 z my lucky number but I think I m goin down  
I think I m gonna crumble with all these people around  
they were the one s that tore me up and threw me out

but I m a stronger person now I won t go that route  
because...
