Ok, here s how the riffs go with the song:

Riff B

My eyes seek reality  
My fingers seek my veins

Riff B

There's a dog at your back step  
He must come in from the rain

Riff C

I fall cause I let go  
The net below has rot away

Riff C

So my eyes seek reality  
And my fingers seek my veins

Riff D

The trash fire is warm  
But nowhere safe from the storm

Riff E

And I can't bare to see  
What I've let me be  
So wicked and worn

Riff D

So as I write to you  
Of what is done and to do

Riff E

Maybe you'll understand  
And won't cry for this man  
Cause low man is due

Please forgive me

Riff F

My eyes seek reality  
My fingers feel for faith

Riff F

Touch clean with a dirty hand  
I touched the clean to the waste

Riff D

The trash fire is warm  
But nowhere safe from the storm

Riff E

And I can't bare to see  
What I've let me be  
So wicked and worn

Riff D

So as I write to you  
Of what is done and to do

Riff E

Maybe you'll understand  
And won't cry for this man  
Cause low man is due

Please forgive me  
Please forgive me  
Please forgive me

Riff G

Riff G

So low the sky is all I see

Riff G

All I want from you is forgive me

Riff G

So you bring this poor dog in from the rain

Riff G

Though he just wants right back out again

Riff F

And I cry, to the alley way

Confess all to the rain

Riff F

But I lie, lie straight to the mirror

The one I ve broken, to match my face

Riff D

The trash fire is warm

But nowhere safe from the storm

Riff E

And I can t bare to see

What I ve let me be

So wicked and worn

Riff D

So as I write to you (yeah)

Of what is done and to do (yeah)

Riff E

Maybe you ll understand

And won t cry for this man

Cause low man is due

Please forgive me

Please forgive me

Riff G

Riff G

So low the sky is all I see

Riff G

All I want from you is forgive me

Riff G

So you bring this poor dog in from the rain

Riff G

Though he just wants right back out again

Riff B

My eyes seek reality  
My fingers seek my veins

Outro

Humming.....fade out

```
