Will they start when they see me again
I can't stop now I know who I am
   Am F
Now I'm all yours
I'm not afraid
   F
             Am
And you're all mine
Say what they may
At all, your love
                 C
I'll take to your grave

And all my life
Starless night
Tear me down, they can't
Take you out of my thoughts
Under every star
There's a battle I've lost

Now I'm all yours

Will they start when they see us again I can't stop now I know who I am

I'm not afraid
And you're all mine
Say what they may
At all, your love
I'll take to your grave
And all my life
Starless night

Now I'm all yours
I'm not afraid
And you're all mine
Say what they may
At all, your love
I'll take to your grave
