<http://www.youtube.com/watch?v=2oE516QrIvw> - Album Version -

This sounds right to me, the album version has a heavy bass and drums in it so the guitar is not well heard I think it's just a D/F# - G pattern. Listen to the bass & drums for the strumming pattern.

	D/F#	G	C	C/B
e	-----222-----333-----	-----333-----333-----	----0-----0-----	-----0-----0-----
B	-----333-----333-----	-----333-----333-----	----1-----1-----	-----1-----1-----
G	-----222-----000-----	-----000-----000-----	----0-----0-----	-----0-----0-----
D	-----000-----000-----	-----000-----000-----	----2-----2-----	-----x-----x-----
A	-----xxx-----222-----	-----222-----222-----	----3-----3-----	-----2-----2-----
E	-----2(~)-----3-3-----	-----3-3-----3-3-----	-----3-----3-----	-----2-----2-----

let f# chord ring like the bass in the song.

intro - D/F# - G x8

	D/F#	G
Well	Just	a little story of the times
A hobo	goin	looking for his life
And knowing	almost	every night
He ll	never	find one
Cause	he s	making the same old mistake
And	looking	while he s not awake
Searching	the lines	with the mind
That s	he s	out of

C	C/B	C
And	see the	groom that just got told
	C/B	G
That	he s	been left out in the cold
C	C/B	C
Cause	she said	she had seeds to sow
	C/B	G
Said	she	needs some time to grow

Goin	
D/F#	G
Soul	- searching
Cause	it s our time
And	we ll use it any way we want to
Why	should we wait
For	things we want in life
When	we can just go out and find them
And	stop dreaming our lives away

D/F#	G
------	---

Just a little story of the times
People on a mission or a climb
Looking around and taking in what is out there
It might come to them in a wave or a splash
But just a little something makes them act
So they stop, to realise what they ve been missing

C **C/B** **C**
See the man as he dies in bed
 C/B **G**
Starts to thinking he s never lived
Said He s gone about his days
With his eyes closed all the way

- Chorus - (awaayaayyayay yeah)

(N/C or heavy palm -muted)

Well Just a little story of the times
A hobo goin looking for his life
And knowing almost every night
He ll never find one

- Chorus again -

Stop Dreaming our lives away...
daydreamin our lives away.

the **G** could an **Am7** chord - bkdwn wld be **C-C/B-C-C/B-Am7** ?
not sure, G sounds alright- could be both a quick am7 to a g.
