Midnight Cry

```
F#                  B/Ab
I hear the sound
              F#              B/Ab
Of a mighty rushing wind
          F#            B/Ab
And it s closer now
                 F#        B/Ab
Than it s ever been

                      F#/C       B
I can almost hear the trumpet
   B/Eb               C#/C    Bb/E  -  Ebm  -  Ebm/E
As Gabriel sounds the call
           F#/Eb            B/Eb
And at the midnight cry
                 F#        B/Ab
We ll be going home

F#                  B/Ab
I look around me
                      F#         B/Ab
I see prophecies fullfilled
F#                     B/Ab
Signs of the times
                      G#m      B/Eb
They re appearing everywhere
                   F#/C       B
I can almost see the Father
      B/Eb          C#/C         Bb/E  -  Ebm  -  Ebm/E
Sayin  Son go get my children
          F#/Eb           B/Eb
And at the midnight cry
                 F#          B/Ab
We ll be going home
```

Chorus:

When Jesus steps out

On a cloud to call His children
    B/Eb              C#/C        Ebm
The dead in Christ shall rise
   G#/D           G#m      B/Eb
To meet Him in the air
                        F#      C#/C  B
And then those that remain
B/Eb             C#/C - Bb/E - Ebm - Ebm/E
Shall be quickly changed
        F#/Eb         B/Eb
At the midnight cry

We ll be going home
