

Never Stop

Michael Gungor

I ve found that this song work best with power chords instead of full chords,
but do
what you want. It s a great worship song and I hope these tabs are good enough
for your
needs. God bless! :)

Main Riff:

```
|-----11-13-|
|-----13-13-13-14-14-14-----|
|-----10-10-10-----11-11-----|
|-11-11-11-----|
|-----|
|-----|
```

C#

Come on, come on all who are free

Bb

Love has redeemed you

F#m

Rise up and sing louder!

C#

Come on, come on

C#

If you believe

Bb

Love has redeemed you

F#m

Rise up and sing.

Chorus:

C# **Ab**

I will never stop loving You

Eb **F#m**

You have never stopped loving me

C# **Ab**

There is nothing that the world can do

Eb

I will never stop

F#m

I will never stop

Come on, come on

Oh can't you see

What we've been given

What we could be?

Come on, come on

If you believe

Love is redeeming,
Rise up and sing.

Chorus X2

C#

C#m

Make it loud; make it louder (repeat 3x)

Note: In this part, I usually do some artificial harmonic work on the chord 12 frets up.

But, you can just strum the chord and let it ring (I ve placed the chords in the best position to do this for my ears) or do some harmonic work of your own.

C#m

Sing it loud, live it louder! Louder!

Note: Chugging on this chord with a palm mute while getting louder sounds best to me.

Solo:

```
|-----|
|-----11-9-|
|-8-10-8-10-8-10-11-10--8-10-8-10-8-10-----|x2
|-----|
|-----|
|-----|
```

Chorus X2
