Have you noticed lately that you and I can do no wrong?

Wipe the precious little pouting off the picture of your face

Don t you feel lucky when you look in the mirror

And you see me by your side?  
**D** **E** **A**  
Don t you feel lucky when the moment is right? Oh yeah.  
**D** **E**  
Don t you feel lucky with your head on my shoulder  
**A** **B**  
When you re here between my arms?

You should feel lucky, cause I m your lucky charm.

[Bridge]

**A** **G** **A**  
Don't you feel like you've turned around? (Oh wow-)  
**A** **G**  
Lookin' up instead of falling down  
**A** **G** **D** **G**  
I believe in you, and I've been leaving you feeling high, high  
**A** **G** **A**  
You can let the rabbit have its leg  
**A** **G**  
Leave the horseshoe hangin' round the peg  
**A** **G** **D** **G**  
I'm a charmer for your karma and your lovin' is why, why, why-

[Verse]

**A** **E** **G** **D**  
Put me in your pocket, and you'll never be the same  
**F#m** **A** **E** **A**  
Cuz every odd and every even's lining up to spell your name  
**A** **E** **G** **D**  
Lay the cards before you, watch the wheel of fortune turn  
**F#m** **A** **B**  
And you can bet I'll get you back just like a jackpot-sized return

[Chorus]

**D** **A**  
Don't you feel lucky when you wake in the morning  
**F#m**  
With the one you're dreaming of?  
**D** **E** **A**  
Don't you feel lucky falling in love? Oh yeah.  
**D** **E**  
Don't you feel lucky when there's no one but us  
**A** **B**  
To hear the six o'clock alarm?  
**D** **A**  
You should feel lucky, cuz I'm your lucky charm.
