When Youre Down On Your Knees
Michael Kiske

C#
I don t believe what you re saying
F#   **C#**
I don t believe a word
C#   **G#/B**   **Bbm**   **G#**
You never did anything that was true
     F#   **G#**
And hate will be your final work

C#
I wouldn t dance at your party
     F#   **C#**
No, I wouldn t risk a dance
          C#
For the rest of my time
        F#
I will keep it mind
         G#
I will look at your life and will find:
               F#   **Ebm**
When you re down on your knees
G#   **C#**
That s when you re closest to heaven

Bbm G# F# G#

C#
I don t believe when you re smiling
F#   **C#**
I don t believe in your mask
C#   **G#/B**   **Bbm**   **G#**
You hardly say anything you don t use
          F#   **G#**
All your life is a lie at it s best

C#
Your love means never another
        F#   **C#**
Is there anything left that is true?
         C#
You will end all alone
       F#
With no peace of your own
            G#
 Cause the god of love you ve never known!

```
       F#                      Ebm
When you re down on your knees
G#                             C#
That s when you re closest to heaven

         F#
I guess you ll never get it
       G#                     Bbm
You ll never regret all the broken hearts

You ve left behind
            F#
If there s one thing that you ll never find
        G#
Peace of mind

C# F# C# C# G#/B Bbm G# F# C#

F                       F#
There s always one a lonely street
G#                        C#
Walking his way to the sun
F
There s always one
                F#
That takes the whole world s greed
G#                          C#
All on his back and it s done
F#                             G#
And ever since the world s turning
                  Bbm
There s always a fool that is leading the blind
           F#
If there s one thing that you ll never find
        G#
Peace of mind

      C#
Your thoughts are so low it s a shame
              F#                    C#
That s why for you everyone else is low
C#          G#/B            Bbm              G#
People see life through the glass in their hearts
       F#                          G#
So the fruits of your doings do show

    C#
In this world it all could mean maybe
          F#                          C#
But on the other side you ll hear it loud
        C#
I know time clears the clouds
          F#
```

```
One day you won t walk proud
        G#
It will all be revealed there s no doubt
                      F#              Ebm
 Cause when you re down on your knees
G#                                   C#
That s when you re closest to heaven

                      F#              Ebm
 Cause when you re down on your knees
G#                                   C#
That s when you re closest to heaven

                      F#              Ebm
 Cause when you re down on your knees
G#                                   C#
That s when you re closest to heaven
