VERSE 1:

```

D                C9                G
Don t know what to say now, I don t know where to start
D                C9                G
I don t know how to handle my complicated heart
C9                G    C9                D
You tell me you are leaving but I just have to say
C9                D                C9    G
Before you throw it all away

```

CHORUS:

```

                C9                G
Even if you want to go alone
                C9                G
I will be waiting when you re coming home
                C9                G                C9
If you need someone to ease the pain, you can lean on me
                C9                D                C9    G
my love will still remain

```

C9                G                C9                D

I can only say to you

```
