Smoke Screen
Michael Monroe

```
C#m                     B      E
 Look around get a real scare
   A       E       A        B
I see a mess beyond repair
C#m                     B         E
 The word is fine if you don t mind
   A        E        A        B
A touch of hell from time to time
       A      E        B          A
Or a few darkened minds higher up
E             B            A
Keeping their crimes covered up
             E       B
But if you don t care
     E           B
To see what s there
     E           B
You ain t got a prayer
