Has anybody seen my Chevy
It is gone from where I shut it down
I ve been told that it was very heavy
When I used to drive it into town
So if you see it won t you call me promptly
It is more than just a question of time
It was two-tone and full-blown
And a dedicated friend of mine

Has anybody here seen Jesus
He is gone from where I laid him down
He was almost dead from helping people
And he asked me for a ride to town
So if you see him won t you call me promptly
Oh it s more than just a question of time
He was two-tone and full-blown

And a dedicated friend of time

They all are

Two-tone and full-blown

And dedicated friends of mine
