

Mama Nantucket
Michael Nesmith

From the 1970 album Magnetic South. I m not sure about the key, i think he plays
with a Capo in fret 1. Suggestions: prietomartin@gmail.com

F **A**
Whoa, Mama Nantucket, she tried to kick the habit

Ab **C** **F**
But she couldn t and she got stung

A
I tried to relieve her, But she wasn t a believer

Ab **C** **F**
Until she found another one

(Chorus)

D **G** **C** **F**
Da-do-da-li-da-lo-da-la-hee I love it here on the range

A **Ab** **C** **F**
Oh-my-ty-yi-yippee, I would love it more if it changed
Da-do-da-li-da-lo-da-la-hee I love it here on the range
Oh-my-ty-yi-yippee, I would love it more if it changed

Oh, Bobby with a dollar, he was sure he found the answer
But it might take a little time
Playing follow the leader, he was sure would be a winner
But I had other things on my mind

(Bridge)

Ab **C** **F**
Oh, I see all the people running

Ab **C** **F**
Coming from miles around

A **G**
Everybody s singing a different tune

Ab **C**
See them all fall down

Well I don t like to quarrel but what about tomorrow
Will it be the same as the past
I keep on hoping that something will happen
And I hope that it happens fast

Chorus x2

Yes, I d love it more if it changed!
